WISE PRINT

PRINT MANAGEMENT TAILORED FOR
COST SAVINGS

Most businesses have no internal print strategy, prints are produced where ever on what-ever. Closets are full of toners and inks that have been purchased for printers that have long ago went out of commission. Don't feel bad, OpenGate Technologies can seamlessly manage your print infrastructure while you concentrate on your core business. WisePrint will allow you to gain visibility and control of your printing, which helps you save money and boost productivity.

MANAGED PRINT, **CONTROL COSTS**, AND **IMPROVE PRODUCTIVITY**… HOW WISE IS THAT?

PRINT MANAGEMENT TAILORED FOR COST SAVINGS

WisePrint also helps you improve environmental sustainability and document security. OpenGate provides print assessments and can **provide an enterprise report ultimately detailing what an actual sheet of paper costs your company to produce in-house.** We can even provide new printers or copiers when a replacement is needed and manage your total fleet to gain maximum life cycles. **WisePrint saves our clients 15-30% over current costs** and is as simple as paying monthly for the amount of prints produced. All your printer and copier toners, service and repair are provided with FREE software to help us monitor those needs.
